

It has been another successful year for your Caisse, and we are pleased to announce that we have deposited \$300,000 in surplus shares into our members' accounts, and \$275,000 in cash dividends in our members' current accounts. Your portion of these surplus shares is based on the total interest earned or paid in 2009. Your portion of the dividends is based on a 5.00% return on the balance of surplus shares that you hold. These amounts will be reported on your June statement of account. Thank you for your continued loyalty.

More than \$6,375,000 has been deposited in our members' accounts since 1997!
